

# ABOUT US

The Dyslexia Association of Malaysia (PDM) is a non-governmental organization (NGO) that actively supports children with dyslexia, particularly those who have yet to master the basic 3Rs — reading, writing, and arithmetic.

PDM is committed to helping these students through early intervention programs, workshops, and collaboration with educational institutions, ensuring that every child with dyslexia receives fair and appropriate access to education tailored to their needs.

Dedicated to empowering individuals with dyslexia—children, young adults, working adults—as well as their parents and related communities, through collaboration with like-minded government agencies across Malaysia.
